

## Unit 8: Graphs of Trigonometric Functions

---

Learning Target	Topic	Description	Textbook Reference
8A	Graphs of Sinusoids	I can create and use graphs of transformations of <i>sine and cosine functions</i> to solve problems.	6.1
8B	Graphs of the other Trigonometric Functions	I can create and use the graphs of transformations of <i>non-sinusoid trig. functions (csc, sec, tan, cot)</i> to solve problems	6.2
8C	Graphing Inverse Trigonometric Functions.	I can create and use graphs of transformations of inverse trigonometric functions to solve problems.	6.3
8D	Composite Graphs of Trigonometric Functions	I can create and use graphs of transformations of composite trigonometric functions to solve problems.	N/A
